PROFILE

Computer Science graduate with hands-on experience in IT infrastructure and full-stack development. Currently a Software Engineering Trainee at Digilians (Egyptian Military Academy), building AI-integrated, cloud-native applications using React.js, Node.js/Express, and AWS. Former GDG on Campus Chapter Leader with a background in competitive programming. Seeking Software Engineering, Cloud Engineering, and DevOps opportunities where I can design, build, and deploy scalable, production-ready systems.

PROFESSIONAL EXPERIENCE

Software Engineering Trainee, Digilians, Egyptian Military Academy 12/2025 – Present

- Built full-stack web applications using React.js and Node.js/Express
- Designed and deployed cloud-native solutions on AWS (EC2, S3, Lambda)
- Integrated AI models into application workflows
- Applied Agile methodologies and Git-based version control in team projects
- Leveraged AI tools (Claude, ChatGPT, Amazon Q, Gemini) to accelerate development workflows and improve code quality

IT Specialist, Linah Group 09/2025 – 11/2025
Dokki, Egypt

- Installed and configured computers, printers, and network equipment
- Managed and maintained LAN and Wi-Fi networks
- Provided technical support and resolved daily IT issues for staff
- Created and managed user accounts and applied security updates
- Monitored hardware and server performance and coordinated with vendors

Technical Support Specialist, Fujitsu - FSIT Services 01/2025 – 09/2025
Sheraton, Egypt

- Provided technical support for hardware, software, and Qmatic systems
- Managed virtual machines using VMware and VirtualBox
- Performed system backups and recovery using AOMEI and Hiren's Boot
- Handled Active Directory user management and access control
- Delivered remote support via AnyDesk and TeamViewer

Projects

IT Helpdesk System (In Progress)

Designed and developed a full-stack IT ticketing system using React.js, Node.js/Express, and AWS — replacing informal WhatsApp-based workflows with structured tracking. Features include an employee ticket portal, an admin dashboard, and real-time status updates.

EDUCATION

Bachelor's Degree in Computer Science, Thebes Academy 09/2019 – 05/2023
GPA: 3.04 from 4.0 Maadi

SKILLS

Frontend HTML, CSS, JavaScript, Bootstrap, React.js, Vite	Backend Node.js, Express, REST APIs	Cloud & DevOps AWS (EC2, S3, Lambda), Docker, Kubernetes, Git/GitHub
Mobile Flutter & Dart	Infrastructure Linux Admin, Windows Server, Active Directory, CCNA	Tools VMware, Postman, AnyDesk, TeamViewer
AI & Tools Claude, ChatGPT, Amazon Q, Gemini, Kimi		

Certifications & Training:

DevOps Complete Course Specialization  Covered end-to-end DevOps practices, including CI/CD pipelines, containerization, infrastructure as code, and deployment automation	05/2026
Advanced Git and GitHub Practices  Covered branching strategies, rebasing, conflict resolution, pull requests, and collaborative Git workflows	05/2026
AWS Academy Graduate – Cloud Operations  , <i>Amazon Web Services</i> Covered monitoring, deployment automation, and managing cloud infrastructure on AWS	05/2026
AWS Academy Graduate – Cloud Developing  , <i>Amazon Web Services</i> Focused on building and deploying cloud-native applications using AWS services (EC2, S3, Lambda, API Gateway)	04/2026
AWS Academy Graduate – Cloud Foundations  , <i>Amazon Web Services</i> Introduced core AWS concepts including cloud architecture, security, pricing, and core services	12/2025
Meta Front-End Developer Professional Certificate  , <i>Meta</i> Covered React.js, JavaScript, HTML/CSS, UX/UI principles, and version control through Meta's professional curriculum	04/2026
Delivering Quality Work with Agility  , <i>IBM</i> Introduced Agile methodologies, iterative delivery, and professional work quality practices	04/2026
Digilians AI-Based Software Development Diploma , <i>Egyptian Military Academy</i> 9-month specialized program covering full-stack development, AWS cloud solutions, and AI integration in real-world applications	Present
CCNA – Networking Configuration & Troubleshooting Networking fundamentals, including VLANs, subnetting, routing, switching, and Cisco Packet Tracer simulations	04/2024

MCSA: Windows Server Administration Covered Active Directory, DHCP, DNS, Hyper-V, Group Policy, and Windows Deployment Services	08/2024
Kubernetes Fundamentals Introduction to container orchestration, pods, deployments, services, and cluster management	05/2026
Linux Administration I Core Linux skills, including file system management, permissions, shell scripting, and system administration	04/2026
The Complete Flutter & Dart Development Course  , Udemy Full mobile development course covering state management (Bloc), Firebase, REST APIs, and app publishing	04/2023
Flutter Workshop  , Orange Digital Center Egypt Hands-on workshop covering Flutter widgets, OOP, Bloc state management, and local storage	10/2022

VOLUNTEER EXPERIENCE

GDG on Campus – Thebes Academy, Chapter Leader Jul 2022 – Jul 2023 - Led chapter activities, including events, workshops, and hackathons - Built partnerships with industry sponsors and expanded the chapter's network	07/2022 – 07/2023
GDG on Campus – Thebes Academy, Core Team Member Jul 2021 – Jul 2022 - Managed technical aspects of online and offline events using StreamYard - Contributed to the chapter's growth strategy on social media	07/2021 – 07/2022
